For Construction Site Contractors, Operators, Code Enforcement Officers and Planning Board/Zoning Board of Appeals Members

New York State Department of Environmental Conservation

Erosion and Sediment Control Workshop

Date: **Wednesday, April 6, 2016**

Location: Natural Resource Center
c/o Cayuga County SWCD
7413 County House Road
Auburn, NY 13021

Instructors:

Doug Kierst, CPESC, CPSWQ
Executive Director
Cayuga County SWCD

Time: 7:45 AM Sign-in (Photo ID required)
8:00 AM to 12:00 PM Class

Cost: $80.00 (includes break with refreshments and all workshop training materials)

Please respond quickly— There is only room for 70 people max.

Pre-Registration is required by March 30, 2016

This training does not allow contractors to conduct their own Qualified Weekly Inspections.

What You Will Learn

Get to know why you should be concerned about stormwater. Learn about the DEC Stormwater Construction permit and the requirements of Stormwater Pollution Prevention Plans. Gain valuable knowledge on erosion and sediment control practices and how to perform site inspections. Discover where you can get technical assistance on erosion and sediment control problems. Upon completion of the course, each participant will receive a NYS DEC Stormwater Training Number on a wallet card good for 3 years.

Who Should Attend

Contractors • Developers • Construction Site Inspectors • SWPPP Preparers and Reviewers • Code Enforcement Officers • Municipal Engineers • Highway Departments • Planning Boards

Contractors and Site Inspectors are Required to Attend

This workshop will provide the required training for contractors and site inspectors to comply with the SPDES General Permit for Stormwater Discharges from Construction Activity (GP-0-10-001). All individuals responsible for installing, constructing, repairing or maintaining erosion and sediment control measures or constructing post-construction stormwater management practices at SPDES-permitted construction sites are required to attend a DEC-endorsed 4-hour training course every three years. This contractor training is necessary to work on stormwater permitted sites, this **will not** qualify the contractor as a site inspector.
*** 4 CEC's will be given for this class for Code Enforcement Officers and Planning Board/Zoning Board of Appeals members.**

Please Note
We cannot accept walk-ins or substitutions of personnel as state certifying documents are issued and must be prepared prior to the class.
