

Owasco Lake Watershed Rules & Regulations Project

Are you concerned about water quality in Owasco Lake?

Then join us for one of two important upcoming public informational meetings about revising and updating the Owasco Lake Watershed Rules & Regulations. Come learn about the effort to improve and update the 1984 watershed regulations; and how you can participate and provide input.

Monday, June 19, 2017; 6:00 to 7:30 PM

BOCES Community Auditorium

1879 W Genesee St Rd, Auburn, NY 13021

OR

Wednesday, June 21, 2017; 6:00 to 7:30 PM

Moravia High School Auditorium

68 South Main Street, Moravia, NY 13118

WATER QUALITY ISSUES IN OWASCO LAKE AND ITS WATERSHED

- *Harmful Blue-Green Algal Blooms and Microcystin Toxins*
- *Erosion and Sediment Runoff and Manure Spills*
- *Failed septic systems and Poor Roadway Practices*

These are just a few of the impacts affecting our primary public water source that the tools of updated watershed rules and regulations will address.

For more details please contact the Cayuga County Health Department at (315) 253-1560
